November 25, 2014

Dear Parents,

We will be doing our annual scoliosis screening with all the fifth grade students Wednesday, December 3, 2014. I will review the process with the students prior to the screening in regards to what we are looking for and what they will need to do. Girls should wear a bathing suit, leotard or sports bra on that day. There are no other specific clothing requirements nor are there any special requirements for the boys. Girls should come to school wearing the proper apparel to avoid needing to change in school.

If you have any questions please call me during school hours at 264-6811 or email me at [mferguson@region15.org](mailto:mferguson@region15.org).

Sincerely,

Maryann Ferguson, R.N.
